## MAY DRAFT COOLIDGE TO BE A CANDIDATE

### MOST COMPLEX SITUATION NOW STIRRED UP

8 REPUBLICAN LEADERS FROM ALL SECTIONS OF COUNTRY VISIT PRESIDENT

MANY BELIEVE HE WILL BE RE-NOMINATED, IN SPITE OF ANNOUNCEMENT

By PAUL R. MALLON  
(United Press Staff Correspondent, Rapid City, S. D., Aug. 12.—A complex situation has been stirred up out here with the arrival of eight republican leaders from all sections of the country, most of whom believe President Coolidge will be renominated despite his announcement that he does not choose to be a candidate in 1928.

Five of these eight indicate he will be drafted. They say that the republican party will be deadlocked over two or more other candidates and that Mr. Coolidge will be a unanimous compromise.

Whether by design or chance these eight republican leaders arrived here at the same time. With three exceptions they gave their whole hearted support to Mr. Coolidge in a way that political observers who have followed the president were led to believe that a movement had been started to draft Mr. Coolidge despite his announcement of disinclination for the office.

Senator Fess, Ohio, said he had told Mr. Coolidge that the party intended to demand his renomination but all he received was a statement of the president to the effect that he believed the republican party contained many able men and that he had had no desire for another term.

Fess says the party will draft Mr. Coolidge and make him run.

Representative Hull, Illinois, predicts that it is likely the delegates to the next national convention will encounter a spontaneous movement to make Mr. Coolidge the nominee.

Governor John S. Fisher, Pennsylvania, who was elected with the support of Secretary of the Treasury Mellon, says that Mr. Coolidge is most thought of in his district.

Secretary of Interior Work professed the opinion that the western country, being almost unanimously for the president, would insist that he run again.

The two dissenting notes in the chorus were voiced by Representatives Knutson and Selvig, republicans, Minnesota, who said that their state would be divided between Lowden and Hoover.

Mr. Coolidge apparently is amused at the situation he has created. He planned to spend this week-end fishing as usual, and his crowded house of guests amused themselves as best they could. The president was particularly interested in reports that Secretary of Labor Davis had been ordered to come here by airplane for an interview. Reports were spread that Davis intended to seek a compromise in the Sacco-Vanzetti case by proposing that the two so-called radicals be ostracized from the United States.

This proposal, however, was questioned by Assistant Attorney General Donovan and other authorities at the White House who contended that Sacco and Vanzetti could not possibly be placed under the jurisdiction of the federal government until Governor Fuller had granted them executive clemency. They thought it hardly possible that any such crude agreement might be made and doubted reports from press associations other than the United Press which indicated Davis had been ordered here on a mission to convince Mr. Coolidge such an arrangement should be followed.

Assistant Attorney General Donovan who is here on what he says is a personal visit, declined to comment on the Sacco-Vanzetti case except to say that the federal government had nothing to do with it. His friends pointed out that he believes the matter is entirely within the jurisdiction of Governor Fuller and that the department of justice or federal administration could have nothing to say about it.

Tomorrow Director of the Budget is to arrive with an accountancy of the government expenses for the year.

### LEVINE, COSTES DELAYED IN OCEAN HOP

Paris, Aug. 12.—(UP)—Unfavorable weather today prevented Charles A. Levine and Diendonne Costes from taking off in their air race to the United States. Levine will be in the Columbia in which he and Clarence Chamberlin flew to Germany while Costes will fly a Breguet plane. The start tentatively had been set for today.

The American had been determined that no plane would take off before him and it was considerable relief that he heard Costes had postponed his flight last night owing to the bad weather.

### DOLE AIR RACE TO HAWAII IS POSTPONED

"GENTLEMAN'S AGREEMENT" IS MADE BY THE AVIATORS THEMSELVES

SOME OF THE SHIPS HAD FAILED TO PASS NECESSARY TESTS

Oakland Airport, San Francisco Aug. 12.—(UP)—With the Dole air race to Hawaii postponed until Tuesday noon by a "gentleman's agreement" of the aviators themselves, a rush to take navigation tests was started today by these fliers who had not already obtained certificate of eligibility from the starting committee.

The agreement to postpone the flight was made by the pilots after it became apparent last night that the technical experts would disqualify all but possibly four of the ships for not having successfully passed the tests.

Only two certificates have, thus far been issued. They were given to Jack Frost for the "Golden Eagle" monoplane owned by George Hearst, and to Lieut. Norman Goddard for his "El Encanto."

Maj. Livingston Irving was to be given a certificate after he adjusted his compass today. The Griffin-Henley plane "Oklahoma" was expected to be able to complete the test early today.

San Francisco, Aug. 12.—The J. D. Dole airplane race from the mainland to Honolulu carries prizes of \$35,000. The first plane to reach Wheeler Field, near Honolulu, after complying with all rules of the contest, will be entitled to \$25,000. The second flyer to finish will get \$10,000.

When Dole announced his offer it was not anticipated that more than a few aviators would attempt the hop. That was before the successful Hawaiian flights of the Maitland-Hegerberger army plane and the Smith-Bronte civilian ship.

As soon as aviators began to show an interest in the Dole event, elaborate rules were drawn up. A Honolulu committee of the National Aeronautical Association was in charge of the flight details while a San Francisco committee of the N. A. A. took care of the starting details.

Entries closed ten days ago, each contestant sending in a check for \$100 to cover preliminary expenses of the starting committee and at the take-off field.

Although the rules state that the flier must finish at Wheeler Field, any point on the island of Oahu, on which Honolulu is situated, will be accepted as an official finishing point if the fliers concerned can show they were forced down by mechanical troubles.

Before a flier becomes eligible for the Dole prizes he must satisfy a local committee of the staunchness of his plane and his own competency as a pilot or navigator. It was stipulated that the start was not to be before noon of August 12.

Washington, Aug. 12.—(UP)—Kidnaping of an American citizen, Robert Edward Pirie, by Mexican bandits near Vincente Guerrero, was reported to the state department today by American Consul D. H. Mail, Durango. Mail advised the department he notified local authorities not to send troops to the rescue because it might add to Pirie's danger.

### KING PURNELL CARRIED IN ON A STRETCHER

ONCE POWERFUL BODY OF CULT LEADER WRACKED BY ILLNESS

TESTIFIED AT THE STATE'S DIS-SOLUTION SUIT AGAINST HOUSE OF DAVID

St. Joseph, Mich., Aug. 12.—(UP)—Benjamin Purnell, his once powerful body wracked by illness, was carried into the court room on a stretcher today to testify at the state's dissolution suit against the House of David.

It was his first appearance in public since his arrest last November, after having been a fugitive for seven years. The court room was crowded as the cult leader—very pale and quite ill—was wheeled into the room.

St. Joseph, Mich., Aug. 12.—(UP)—"King Ben" Purnell, once overlord of the seven million dollar House of David religious colony but now a weakened invalid, today confessed to bigamy.

Testifying for the defense at the state's attempt to dissolve the colony Purnell admitted he married his present wife—"Queen Mary"—before he had obtained a divorce from a former mate.

He admitted having married Angelina Brown when he was 16 years old and said he had not obtained a divorce from her when he married Mary Stollard.

Attorney Ballard then started reading the accusations of former women members of the colony—charges that Purnell had forced indignities on them as part of the religious creed—and Purnell merely glared.

He remained almost motionless as the charges were read.

"Did you ever force girls to submit to your desires by telling them it was the only way they could have their blood purified and enjoy everlasting life?" Purnell was asked.

"No, I never did," he replied calmly.

"Did you ever have any acts of immorality with any of the girls of the House of David?"

"Certainly not."

"Were there ever any wild liquor orgies in Shiloh and did you ever have any liquor in your rooms for the girls?" Barnard asked.

"Only a quart at a time for medicinal purposes," Purnell replied.

This latter question was in answer to charges made by former members that they had attended parties at Shiloh and had become intoxicated. Purnell denied that trap doors and tunnels had been constructed at Shiloh, his mansion in the religious colony. He also denied that he had represented himself as the son of God and the brother of Christ.

One by one he entered terse "I never did's" to the charges of various women members of the colony that he had forced intimate relations upon them. Some of the women, who had made the charges, sat only a few feet from Purnell's cot.

He denied state charges that enfeebled members of the colony, insane persons and young women had been sent to High Island, which state witnesses claim was the "Zion" of the colony.

"Did you ever tell Cleo Wade she would have to get married?" Purnell was asked.

"I don't remember," was the reply. He started a severe coughing spell and his nurse, Florence McCaslon, rushed to his side. His replies were so weak that several times the court had to order them repeated.

Purnell said that two years after he left his first wife he met and courted Mary Stollard.

"Did you get a divorce from your first wife?" he was asked by a state's attorney.

"No, I didn't need any," Purnell replied.

"Why didn't you need any?"

"My attorney told me that."

"Then you never got a legal di-

### POLICE AND GUARDSMEN TAKE RICH RUM SHIP

New York, Aug. 12.—(UP)—Police and coast guardsmen today captured the steamship Ansonia, a cargo of liquor valued at \$1,000,000, 66 men, six motor trucks and three automobiles. The captain and crew of the Ansonia were captured single handed by Boatswain G. A. Loomis, who boarded the ship alone after his coast guard picket boat 2327 had chased it several miles.

### BELIEVES IN 2.75 PER CENT BEER

SAYS LATTER WOULD SOLVE ALL PROHIBITION PROBLEMS

Washington, Aug. 12.—(UP)—Col. James C. Waddell, who has resigned as federal supervisor of alcohol and breweries, today declared 2.75 per cent beer would solve prohibition enforcement problems in the United States.

"While the prohibition bureau is making good progress in enforcing the law, with the exception of wort, a malt which can be converted into beer, the law cannot be enforced in its present status," he said in an interview here. "From an enforcement standpoint the only possible solution for the impossible conditions is 2.75 per cent beer."

Prohibition is intended to prevent drunkenness and one is a fanatic who construes it otherwise."

The former supervisor said 2.75 per cent beer is not intoxicating. He declared the provision of the Volstead act against beverages with more than half of one per cent alcohol content is primarily responsible for the unpopularity of the law.

"The dry law can be enforced with the present federal corps and the government's \$13,000,000 annual appropriation if 2.75 per cent beer is legalized," he said.

### TRUNK HIGHWAYS GENERALLY GOOD

Minnesota trunk highways are generally good, according to the weekly condition report issued by the State Highway department today. Continued dry weather, however, has had its effect on some of the unpaved roads, leaving some stretches somewhat rutted or rough and dusty.

Pavement was opened yesterday on T. H. No. 10, from Litchfield to Atwater, so that there is now continuous concrete from Litchfield through Willmar to Penock, a distance of thirty five miles.

Detailed reports of conditions on the so-called Babcock roads marked with the official yellow star follow, insofar as they refer to the Brainerd Lake Region:

T. H. No. 2—Duluth, Brainerd, Wadena, Detroit Lakes and Moorhead—266 miles—Duluth, paved—Carlton, good—Cromwell, good, fair—McGregor, good—Brainerd, good—Wadena, good—Perham, detour, fair, poor—Luce, good—Hawley, detour, good—Moorhead.

T. H. No. 18—Elk River, Milaca and Brainerd—103 miles—Good.

T. H. No. 19—Brainerd, Walker and Cass Lake—93 miles—Good.

T. H. No. 27—St. Cloud, Little Falls and Brainerd—62 miles—Paved.

Force?" the state's attorney asked. Purnell replied he had not.

He was asked if he didn't realize that he needed a divorce before he could legally marry Mary Stollard and Purnell replied:

"I was an ignorant boy of 18 then."

A brief recess was taken to permit the aged witness to rest.

Mr. and Mrs. Robbins were married June 18, 1910.

### SEEK MEN WHO ROBBED BANK

Moorhead, Minn., Aug. 12.—(UP)—Clay county authorities today arranged for Long Beach, Cal., and Oklahoma City, Okla., to take into custody two men wanted for the recent robbery of the State Bank at Sabin, near here. ### MONEY SPENT ON PREPAREDNESS IS GOOD INSURANCE

Easton, Md., Aug. 12.—(UP)—Money spent on preparedness now is "nothing more or less than insurance premiums." Major General Charles P. Summerall, army chief of staff, told the Maryland American Legion convention today.

Summerall charged the Legion with the duty of making the people realize the necessity of preparedness, and of industrial as well as man-power mobilization in case of a major emergency.

Pointing to the lack of U. S. demilitarization or territory from the world war, the other wars, as well as the concessions to the allies in world war debts, he said "no sane person can reconcile such magnanimity with accusation of territorial aggression."

"The character of our people as a whole is unalterably opposed to aggression," he said.

### DETERMINED TO RID NEW ORLEANS OF GAMBLERS

New Orleans, La., Aug. 12.—(UP)—Determined to rid the city of gamblers and gangsters, Superintendent of Police Thomas Healy issued an ultimatum today naming specifically 14 persons who must depart from here before nightfall or go to jail.

The order was issued following release yesterday of Joe Bernstein, 25, alleged Detroit gunman, who had been held in connection with the murder of Ted Werner, notorious St. Louis gambler and proprietor of a suburban gambling house, last April.

### ST. PAUL POLICE WRESTLE WITH LATEST MURDERS

SOLUTION OF NO. 10 AND NO. 11 IN CHAIN OF UNSOLVED HOMICIDES

TWO WOMEN BELIEVED SHOT TO DEATH AS RESULT OF AN UNDERWORLD FEUD

St. Paul, Aug. 12.—(UP)—Solution of murders No. 10 and 11, in a chain of unsolved homicides committed in St. Paul within the past 13 months confronted police today. The double murder of Mrs. Ruth Barrett, 32, and her sister, Mrs. Lillian Kosser, 35, has resolved itself into a search for James Barrett, the former's husband.

The two women are believed to have been shot to death as the result of a feud in St. Paul's underworld, authorities believe that if they can discover Barrett, alive or dead, they will solve the murder; if he is alive he will be held on suspicion charges, if he has been killed, police say that his wife and sister-in-law were killed by his murderers, because they "knew too much" about his companions.

Barrett's automobile was found in a charred and scattered condition, after the gasoline tank had been ignited and had exploded.

The Barretts are said to have been intimate with several of the nine additional murder victims, and frequently visited at the homes of two women who were killed here July 6.

The Barretts are believed to have come here from Chicago. Barrett was said by police to have been allied with leaders of St. Paul's underworld and that his alleged business was automobile financing. He was known to police as James O'Brien, and more widely known as James Barrett and also Harry Morris.

John Kosser, husband of one of the victims, has been connected with crimes in various parts of Minnesota, authorities stated. His present whereabouts are unknown.

The first trip will be made by one tow boat and three barges loaded with sugar and general merchandise leaving St. Louis. Three barges loaded with grain are ready at the Twin Cities for the return trip.

Trips are to start from both ends of the line every five days thereafter. The trip will take 12 days.

### Governor's Suggestion for Mine Conference Practically Refused

Cleveland, O., Aug. 12.—A practical refusal of Governor Vic Donahey's suggestion for a mine parley at Toledo August 15, and intimation that Ohio mine owners would operate on a non-union basis were given in a letter which S. H. Robbins, president of the Ohio Coal Operators' Association, sent to the Ohio governor today.

### SECRETARY OF AGRICULTURE JARDINE AUTHOR

ADMINISTRATION DECIDES SOMETHING MUST BE DONE FOR FARMERS

FARMING SHOULD BE PUT ON PLANE WITH OTHER BUSINESS

By JOSEPH S. WASNEY  
(United Press Staff Correspondent, Washington, Aug. 12.—Secretary of Agriculture Jardine is drafting farm relief legislation for presentation to the next congress.

The administration has decided that something must be done for farmers to put agriculture on a plane with other business so Jardine, a practical soil tiller, was selected as the doctor.

Jardine has been holding conferences with farm leaders and heads of co-operative associations to obtain suggestions for improving the industry. He also has been making trips to rural sections to obtain first hand information on conditions.

While contending that a "cure all" is impossible, the secretary believes the agriculture situation can be vastly improved by three methods:

1. Farmers co-operating among themselves and adjusting crops to avoid excessive surplus.
2. Storing surplus crops until market conditions improve.
3. Setting up a federal board to guide farmers on handling surpluses and general farm problems.

The government cannot give financial aid to agriculture as the surplus this year will probably be used for a tax reduction, it was said.

But the federal board can help as intermediate credit banks have ample resources to advance farmers' needed loans.

Jardine is arranging to meet representatives of newspapers once a week—which is something new for a secretary of agriculture. At these press conferences, Jardine will outline line for republication the administration's farm relief program, and thus seek the support of the entire country for his program.

### BOMB SUSPECT NEAR THE HOME OF SECRETARY OF LABOR

Washington, Aug. 12.—(UP)—The home of Secretary of Labor Jas. J. Davis was under police surveillance today following discovery of a bomb suspect near it last night.

The man, apparently a foreigner, was found in the basement of a house next door. He told a watchman who collared him that he was looking for the "Davis servant quarters."

The watchman knew the Davis residence was occupied only by Henry J. Garrett, confidential secretary to Davis, the cabinet member being on his way to visit President Coolidge in the Black Hills. He therefore led the suspect in search of a patrolman.

The man broke away and escaped through shrubbery. Police reserves were called but could find no trace of him or a bomb.

Garrett and a friend maintained watch at the Davis home all night, while an officer patrolled the yard.

### NORTHERN CHINESE AND SOUTHERN TROOPS CLASH

Shanghai, Aug. 12.—(UP)—A battle between northern Chinese and southern troops was in progress today near Pukow, said dispatches from Nanking, where firing could be heard.

There was some fear among the nationalists that Chiang Kai-Shek's army would be rent by mutiny if the northerners reached Pukow and that the moderate nationalist leader would be overthrown.

Sun Yat-Sen or Cantonese flags were disappearing here today as reports of northern successes were received and the shops placed huge orders for Chinese republican flags.

### TRUNK HIGHWAYS GENERALLY GOOD

Minnesota trunk highways are generally good, according to the weekly condition report issued by the State Highway department today. Continued dry weather, however, has had its effect on some of the unpaved roads, leaving some stretches somewhat rutted or rough and dusty.

Pavement was opened yesterday on T. H. No. 10, from Litchfield to Atwater, so that there is now continuous concrete from Litchfield through Willmar to Pennington, a distance of thirty five miles.

Detailed reports of conditions on the so-called Babcock roads marked with the official yellow star follow, insofar as they refer to the Brainerd Lake Region:

T. H. No. 2—Duluth, Brainerd, Wadena, Detroit Lakes and Moorhead—260 miles—Duluth, paved—Carlton, good—Cromwell, good, fair—McGregor, good—Brainerd, good—Wadena, good—Perham, detour, fair, poor—Luice, good—Hawley, detour, good—Moorhead.

T. H. No. 18—Elk River, Milaca and Brainerd—103 miles—Good.

T. H. No. 19—Brainerd, Walker and Cass Lake—93 miles—Good.

T. H. No. 27—St. Cloud, Little Falls and Brainerd—62 miles—Paved.

"I was an ignorant boy of 18 then."

A brief recess was taken to permit the aged witness to rest.

### MONEY SPENT ON PREPAREDNESS IS GOOD INSURANCE

Easton, Md., Aug. 12.—(UP)—Money spent on preparedness now is "nothing more or less than insurance premiums." Major General Charles P. Summerall, army chief of staff, told the Maryland American Legion convention today.

Summerall charged the Legion with the duty of making the people realize the necessity of preparedness, and of industrial as well as man-power mobilization in case of a major emergency.

Pointing to the lack of U. S. indemnities or territory from the world war, the other wars, as well as the concessions to the allies in world war debts, he said "no sane person can reconcile such magnanimity with accusation of territorial aggression."

"The character of our people as a whole is unalterably opposed to aggression," he said.

### DETERMINED TO RID NEW ORLEANS OF GAMBLERS

New Orleans, La., Aug. 12.—(UP)—Determined to rid the city of gamblers and gangsters, Superintendent of Police Thomas Healy issued an ultimatum today naming specifically 14 persons who must depart from here before nightfall or go to jail.

The order was issued following release yesterday of Joe Bernstein, 25, alleged Detroit gunman, who had been held in connection with the murder of Ted Werner, notorious St. Louis gambler and proprietor of a suburban gambling house, last April.

### ST. PAUL POLICE WRESTLE WITH LATEST MURDERS

SOLUTION OF NO. 10 AND NO. 11 IN CHAIN OF UNSOLVED HOMICIDES

TWO WOMEN BELIEVED SHOT TO DEATH AS RESULT OF AN UNDERWORLD FEUD

St. Paul, Aug. 12.—(UP)—Solution of murders No. 10 and 11, in a chain of unsolved homicides committed in St. Paul within the past 12 months confronted police today. The double murder of Mrs. Ruth Barrett, 32, and her sister, Mrs. Lillian Kooser, 35, has resolved itself into a search for James Barrett, the former's husband.

The two women are believed to have been shot to death as the result of a feud in St. Paul's underworld, authorities believe that if they can discover Barrett, alive or dead, they will solve the murder; if he is alive he will be held on suspicion charges; if he has been killed, police say that his wife and sister-in-law were killed by his murderers, because they "knew too much" about his companions.

Barrett's automobile was found in a charred and scattered condition, after the gasoline tank had been ignited and had exploded.

The Barretts are said to have been intimate with several of the nine additional murder victims, and frequently visited at the homes of two women who were killed here July 6.

The Barretts are believed to have come here from Chicago. Barrett was said by police to have been allied with leaders of St. Paul's underworld and that his alleged business was automobile financing. He was known to police as James O'Brien, and more widely known as James Barrett and also Harry Morris.

John Kooser, husband of one of the victims, has been connected with crimes in various parts of Minnesota, authorities stated. His present whereabouts are unknown.

### FEDERAL BARGE LINE SERVICE ON UPPER MISSISSIPPI

The first trip will be made by one tow boat and three barges loaded with sugar and general merchandise leaving St. Louis. Three barges loaded with grain are ready at the Twin Cities for the return trip.

Trips are to start from both ends of the line every five days thereafter. The trip will take 12 days.

### Governor's Suggestion for Mine Conference Practically Refused

Cleveland, O., Aug. 12.—A practical refusal of Governor Vic Donahey's suggestion for a mine parley at Toledo August 15, and intimation that Ohio mine owners would operate on a non-union basis were given in a letter which S. H. Robbins, president of the Ohio Coal Operators' Association, sent to the Ohio governor today.

### SECRETARY OF AGRICULTURE JARDINE AUTHOR

ADMINISTRATION DECIDES SOMETHING MUST BE DONE FOR FARMERS

FARMING SHOULD BE PUT ON PLANE WITH OTHER BUSINESS

By JOSEPH S. WASNEY  
(United Press Staff Correspondent, Washington, Aug. 12.—Secretary of Agriculture Jardine is drafting farm relief legislation for presentation to the next congress.

The administration has decided that something must be done for farmers to put agriculture on a plane with other business so Jardine, a practical soil tiller, was selected as the doctor.

Jardine has been holding conferences with farm leaders and heads of co-operative associations to obtain suggestions for improving the industry. He also has been making trips to rural sections to obtain first hand information on conditions.

While contending that a "cure all" is impossible, the secretary believes the agriculture situation can be vastly improved by three methods:

1. Farmers co-operating among themselves and adjusting crops to avoid excessive surplus.

2. Storing surplus crops until market conditions improve.

3. Setting up a federal board to guide farmers on handling surpluses and general farm problems.

The government cannot give financial aid to agriculture as the surplus this year will probably be used for a tax reduction, it was said.

But the federal board can help as intermediate credit banks have ample resources to advance farmers' needed loans.

Jardine is arranging to meet representatives of newspapers once a week—which is something new for a secretary of agriculture. At these press conferences, Jardine will outline for republication the administration's farm relief program, and thus seek the support of the entire country for his program.

### BOMB SUSPECT NEAR THE HOME OF SECRETARY OF LABOR

Washington, Aug. 12.—(UP)—The home of Secretary of Labor Jas. J. Davis was under police surveillance today following discovery of a bomb suspect near it last night.

The man, apparently a foreigner, was found in the basement of a house next door. He told a watchman who collared him that he was looking for the "Davis servant quarters."

The watchman knew the Davis residence was occupied only by Henry J. Garrett, confidential secretary to Davis, the cabinet member being on his way to visit President Coolidge in the Black Hills. He therefore led the suspect in search of a patrolman.

The man broke away and escaped through shrubbery. Police reserves were called but could find no trace of him or a bomb.

Garrett and a friend maintained watch at the Davis home all night, while an officer patrolled the yard.

### NORTHERN CHINESE AND SOUTHERN TROOPS CLASH

Shanghai, Aug. 12.—(UP)—A battle between northern Chinese and southern troops was in progress today near Pukow, said dispatches from Nanking, where firing could be heard.

There was some fear among the nationalists that Chiang Kai-Shek's army would be rent by mutiny if the northerners reached Pukow and that the moderate nationalist leader would be overthrown.

Sun Yat-Sen or Cantonese flags were disappearing here today as reports of northern successes were received and the shops placed huge orders for Chinese republican flags.

From the Daily Dispatch

Aug. 13, 1902

The members of the police department of the city have arranged to give a masquerade ball at Gardner's hall on the evening of September 23. The boys will use the proceeds to purchase new suits and they expect a liberal patronage from the citizens.

A Marks has today filed with the register of deeds his plat for the new town of Midland, on the west shore of Mille Lac Lake, 20 miles from Brainerd.

C. R. Skilling of Bay Lake was in the city this morning and he is telling about a big crop of raspberries raised on his farm. He raised \$259 worth of berries off of three quarters of an acre and they were the finest in the land.

It is understood that the strike at Bemidji in which some sixty of the M. & I. workmen were employed loading logs, walked out, has been settled and most of the men have returned to their work. General Manager Gemmell went up to the scene of the trouble yesterday afternoon.

"Brainerd is a bustling city, and we had not visited it for nearly a year until a recent evening when we attempted to make a crossing at Sixth street North. Several trains were playing see-saw and some 200 people were watching the game. Our mare seemed to possess the spirit of Tam O'Shanter's. She wanted to climb the steps of the Y. M. C. A. or run down the corn popper on the corner. A hundred bikes popping in and out, seemed to urge her to do it. Her flashing eye told us that she was about to register a kick and we were preparing to say our 'Now I lay me' when she crowd moved forward and we found that all this was a part in the play of a bustling city."

## BRAINERD FRUIT COMPANY PICNIC

Eighth Annual Event for Employees at Shady Point Resort

Picnics Have Proved Very Popular and Are Looked Forward to With Pleasure

The eighth annual picnic of the Brainerd Fruit Company employees will be held this year at Shady Point Resort on South Long Lake. These picnics have proved to be very popular and are always looked forward to with great pleasure.

In addition to the employees and their families, the vice president of the company, Geo. C. Sherman and Mrs. Sherman, General Manager Chas. Baile, and his mother, and Everett Sherman of the Fruit Auction and Mrs. Sherman, will attend. These will motor up from Minneapolis on Friday to attend the picnic on Saturday.

Merchants are asked to bear in mind that the entire organization of the Brainerd Fruit Company will be out of the city on Saturday, August 13, closing their place of business at 11 a. m. on that day.

### PURPOSE OF CLINICS

There seems to be a popular idea even among people connected with sanatorium work that the sole reason for holding clinics is to discover cases to fill sanatorium beds. While this in a measure is true, it does not cover the ground entirely. The holding of clinics has many other good features, for instance, the education and instructions given the public for the general health of individuals who come. There are many cases that do not need sanatorium care that are given instructions that are carried out at home. There are many cases that are referred to local physicians and dentists in time to avoid future trouble if allowed to let go. There are so many conditions leading up to and causing tuberculosis that can be discovered if examined early and much suffering and expense can be avoided this way.

The clinic, in a measure, depends on a nurse to work it up, so to speak. To a clinic a nurse is a necessity—to follow up contracts. If you find one case you are very apt to find another in the same family or community. The early discovery of a case of tuberculosis does many things; it saves untold suffering and grief to the individual and his family and sends him back home in a short time fit for the battle of life, thereby making an economical saving to the community, county or individual. Take this for an example. Suppose a man, an early case, is discovered and sent to the sanatorium for six months or a year and goes home at the end of that time well. He would cost the county six or eight hundred dollars for his maintenance at the sanatorium during those months. This is one phase of the matter. Suppose this man is allowed to go until he becomes advanced. His stay at the sanatorium will be longer, it involves a much greater loss to himself and family and perhaps to his county, and the probability of his going home fit to support his family is much less. One such case, if allowed to go, will cost the county from which he comes more than a nurse will for several years. Not having a nurse will cause such cases to become advanced before they are discovered. A nurse is good business. Not having one will cost far more in human happiness and actual money than having one to do this noble work.

approved for the seven days' engagement of Sousa's internationally famous band of 70 pieces at the Minnesota State Fair and Northwest Dairy Exposition, its first seven days, September 3 to 9. It is the most elaborate concert band program ever given in the Northwest.

A feature of the Sousa programs will be the playing of "Minnesota," the new march written for the University of Minnesota by Lieut. Commander John Philip Sousa. It will be the first time this march has been played here, and tens of thousands of loyal Minneapoleans anxious to hear it are planning to attend the Fair. The composer of "The Stars and Stripes Forever" and many other famous marches, believes "Minnesota" will be one of his most popular numbers.

Special emphasis is being given the opening day of the Fair, Saturday, Sept. 3. On this day the biggest program of auto racing ever staged by the Fair is planned, supplemented by two stages of open-air circus acts, the great fireworks spec-

tacle "The Fall of Troy," concerts by Sousa's band, and the Morris and Castle combined shows on the midway. The Fair will open with a blaze of glory on this day, presenting the finest combined entertainment program of the entire week. Advance sale thrift tickets, placed on sale throughout the state at the special sale price of fifty cents each, are being bought in large quantities everywhere, indicating a large attendance at this year's Fair.

## De Valera's Republican Followers Take Their Seats in the Dail

By GEORGE MAC DONAGH (United Press Staff Correspondent) Dublin, Aug. 12.—Eamon De Valera's republican followers today took their seats in the Dail for the first time since the Irish Free State was born of civil war in 1921-22.

Plans for the destruction of the Cosgrave government which is in a minority immediately were announced by Deputy Johnson, leader of the

laborites, who has entered into a working agreement with the Fianna Fail party led by De Valera.

Johnson said he would move a vote of no confidence in the govern-

ment and that he would seek debate on the motion Tuesday.

The public galleries were crowded when the republicans arrived and were seated in benches ordinarily occupied by labor.

## HARD TO RECALL WORDS

It is hard to recall the spoken word and harder still to recall the printed word. The only thing to do to avoid trouble is to know what you are talking about and to bury idle rumor. We quote from the Bemidji Daily Pioneer:

Recently a state bank in Mapleton was closed, and the cause of its closing lay largely in the idle gossip spread about the community about the resources of the bank.

After it had closed, the Mapleton Enterprise editorially said: "The spoken word is hard to recall; it is like the shot from the cannon; no one knows exactly where it will strike and in this instance many will suffer from their own heedless talk. There will be many losses besides those whose names now are upon the deposit ledger. Those owing the bank will be compelled to settle up at once instead of being given time in which to adjust affairs. It will mean forced sales and a withholding of credits that might otherwise be extended."

To which the Stillwater Gazette adds: "Which reminds us that one should not talk so much and if it is talk you must be honest and charitable."

## CHILDREN NEED DENTAL CARE

SIXTY per cent of the school children of DeQueen, Arkansas, needed dental treatment, according to a survey told of in the August issue of the Rotarian magazine.

As a result of the survey a 100 per cent perfect contest was put on between the various rooms in the DeQueen schools and room after room fell in line. When every school child in the city had his teeth fixed a "perfect teeth" parade was staged.

MERRY quips continue to be made at the expense of Henry Ford. The Winston-Salem Journal says Henry retracted just in time to escape being blamed for the Jerusalem earthquake. The Dallas News says something tells them that Henry never would have made all the money he did simply as an editor. We notice Ford was up in the air for the first time when he stepped out with Colonel Lindbergh in the "Spirit of St. Louis."

A SOLDIER, lame on spelling "inoculation", wrote home he had been "shot" in the arm and alarmed his parents who asked the congressman of the district to investigate. Reminds us of the mother who could not spell "diarrhea" and wrote the doctor a note saying the little one had smallpox.

A TOO strenuous vacation calls for a rest up. The way to map it out correctly is to use half your time for the vacation and the balance to recover in.

WE notice that Sledge Hammer won the Albany Handicap. We suppose the horse hammered down the stretch to a driving finish.

THE Calhoun water carnival at Minneapolis is to have a log rolling contest. Why not invite all the politicians to enter?

CURTIS JOHNSON of Rush City is the first to announce his candidacy for the office of governor.

EVERY farm on a good road would immeasurably increase the prosperity of our state.

# "Warfield's advice decided me on Luckies"

At the Fairfield Country Club Hugh Beaumont explains to Miss Ethel Burnside how he came to prefer Lucky Strikes.

The Noted Actor,  
David Warfield,  
writes:

"Among other things, when young actors come to me for advice, I always say, 'Take care of your voice, cultivate it—and watch your smoking.' Usually they eye the cigarette in my hand with some suspicion. And then, I offer them a Lucky Strike—a cigarette I smoke freely, and have yet to feel the slightest effect on my throat. I've been told that toasting does that for this cigarette. When I smoke 'Luckies' my throat is beautifully clear and un irritated." *David Warfield*

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.

## HARD TO RECALL WORDS

It is hard to recall the spoken word and harder still to recall the printed word. The only thing to do to avoid trouble is to know what you are talking about and to bury idle rumor. We quote from the Bemidji Daily Pioneer:

Recently a state bank in Mapleton was closed, and the cause of its closing lay largely in the idle gossip spread about the community about the resources of the bank.

After it had closed, the Mapleton Enterprise editorially said: "The spoken word is hard to recall; it is like the shot from the cannon; no one knows exactly where it will strike and in this instance many will suffer from their own heedless talk. There will be many losses besides those whose names now are upon the deposit ledger. Those owing the bank will be compelled to settle up at once instead of being given time in which to adjust affairs. It will mean forced sales and a withholding of credits that might otherwise be extended."

To which the Stillwater Gazette adds: "Which reminds us that one should not talk so much and if it is talk you must be honest and charitable."

## CHILDREN NEED DENTAL CARE

SIXTY per cent of the school children of DeQueen, Arkansas, needed dental treatment, according to a survey told of in the August issue of the Rotarian magazine.

As a result of the survey a 100 per cent perfect contest was put on between the various rooms in the DeQueen schools and room after room fell in line. When every school child in the city had his teeth fixed a "perfect teeth" parade was staged.

MERRY quips continue to be made at the expense of Henry Ford. The Winston-Salem Journal says Henry retracted just in time to escape being blamed for the Jerusalem earthquake. The Dallas News says something tells them that Henry never would have made all the money he did simply as an editor. We notice Ford was up in the air for the first time when he stepped out with Colonel Lindbergh in the "Spirit of St. Louis."

A SOLDIER, lame on spelling "inoculation", wrote home he had been "shot" in the arm and alarmed his parents who asked the congressman of the district to investigate. Reminds us of the mother who could not spell "diarrhea" and wrote the doctor a note saying the little one had smallpox.

A TOO strenuous vacation calls for a rest up. The way to map it out correctly is to use half your time for the vacation and the balance to recover in.

WE notice that Sledge Hammer won the Albany Handicap. We suppose the horse hammered down the stretch to a driving finish.

THE Calhoun water carnival at Minneapolis is to have a log rolling contest. Why not invite all the politicians to enter?

CURTIS JOHNSON of Rush City is the first to announce his candidacy for the office of governor.

At the Fairfield Country Club Hugh Beaumont explains to Miss Ethel Burnside how he came to prefer Lucky Strikes.

The Noted Actor,

### REFREE JIM CROWLEY AWARDS FIGHT TO DELANEY IN 7TH ROUND

### UZCUDUN TOOK HARDEST BLOWS WITH SMILING FACE

By HENRY L. FARRELL  
(United Press Staff Correspondent)  
New York, Aug. 12 — The great "fair-or-foul" controversy, started after the Dempsey-Sharkey fight, was duplicated today.

Amid the boos of dissatisfaction and the cheers of approval from 25,000 spectators at the Yankee stadium last night, Referee Jim Crowley awarded Jack Delaney the fight with Paulino Uzcudun in the seventh round on a foul.

Delaney, who gave up his light-heavyweight title to take a chance with the heavies, surprised the Basque during the first six rounds. His clever accurate hits were countered only with powerful but wild swings.

Although Delaney hit the fighter from Spain with all his force during the early rounds, Uzcudun took it smiling. At the end, his only damage was a flat and bloody nose. Delaney had spotted Paulino 15 pounds, the fighters weighing in at 177½ and 193½.

Getting down to opinions, which is the vogue now, the opinion of the writer is that Paulino was guilty of a foul only in the event that the referee in a moment of excitement thought Delaney was wearing his tight as a beard.

Nearly all of the veterans in the press pit thought Jimmy Crowley, the referee, had disqualified Paulino for hitting on the breaks. Paulino had been warned several times but the referee couldn't speak Spanish and Uzcudun can't understand English.

Crowley, however, said Paulino had hit Delaney four times in the final round.

Delaney had no overpowering reason to accept or want a decision on a foul. He was winning by a mile when that seventh round started and it was almost a cinch that he would cut up the Uzcudun and blind him so badly that the referee would have to exercise humanity, and better judgment by stopping the fight.

Paulino lost the decision. Delaney won it. But they both lost, and perhaps Tex Rickard figures he was the third loser because the result of the contest prove only that Delaney and Paulino do not belong on the list of challengers and that Rickard will need more than a winner-on-a-foul to get a good card for the championship next year.

## WILD TOSS OF KOENIG MARKS DEFEAT

### HIS ERROR IN 11TH INNING GAVE WASHINGTON WIN OVER YANKEES

### JUDGE HAD TRIPLED AND RELAYED THROW WENT TO ERRATIC SHORTSTOP (By UNITED PRESS)

Mark Koenig, with a wild toss in the eleventh inning, gave Washington a victory over the league leading New York Yankees 5-2.

Judge had tripled and the relayed throw finally went to the Yankee shortstop. He promptly tossed the ball out of the field permitting Judge to trip home.

Grover Cleveland Alexander, who has been hero of baseball games for years, proved he hadn't gone back much when for nine innings he dazzled the Pittsburgh Pirates and permitted St. Louis to win 2-1.

Up until the sixth inning the Corsairs were unable to hit Alexander and then Lloyd Waner looped out a home run that was the Pirate's only marker. Alex, incidentally, permitted only four hits in the full game.

The victory came in the seventh after Frisch had reached first and

Jim Bottomley drove a home run into the bleachers.

The Chicago Cubs gained another full game in the National league race when Charley Root blanked the Cincinnati Reds, 2-0. It was Root's twenty-first victory of the season and he permitted only six hits. Chicago now has a four and a half game lead.

Fonseca's line drive in the tenth inning scored Burnett and gave Cleveland a 2-1 victory over the Chicago White Sox.

Dazzy Vance pitched effectively but the Giants hit a little more effectively and New York defeated Brooklyn 3-2. Vance permitted only five hits and struck out six men but the Giants bunched their hits to win.

Boston defeated Philadelphia Nationals 5-4. Willoughby passed three men in the sixth and then allowed Brown to single.

Howard Ehmke pitched the first shutout the Athletics have won this year when he defeated Boston in the first game of a double header 4-0.

In the second game, however, Slim Harris let the Mackmen down with eight hits and Boston won, 2-0.

McManus hit safely three times, aided in bringing in four runs and helped Detroit defeat St. Louis 6-2.

Louisville, Ky.—St. Paul took an early start to run up five runs and hold the edge over Louisville, despite a two run ninth inning rally on the part of the Colonels. Helmach permitted seven hits and was pulled in the ninth when the rally started.

Columbus, O.—Joe Hauser, ace of the slugging staff of the Kansas City Blues, was largely responsible for a 5 to 2 victory of Kansas City over Columbus. Hauser hit a home run, a triple and a single in four times at bat.

Indianapolis, Ind.—Indianapolis was able to score only one run on ten hits, while Minneapolis was counting five runs from thirteen. Miller for Indianapolis and Smith and McAuley for the Millers starred in the hitting.

Jim Bottomley drove a home run  
into the bleachers.

The Chicago Cubs gained another  
full game in the National league race  
when Charley Root blanked the Cin-  
cinnati Reds, 2-0. It was Root's  
twenty-first victory of the season  
and he permitted only six hits. Chi-  
cago now has a four and a half game  
lead.

Fonseca's line drive in the tenth  
inning scored Burnett and gave  
Cleveland a 2-1 victory over the Chi-  
cago White Sox.

Dazzy Vance pitched effectively  
but the Glants hit a little more  
effectively and New York defeated  
Brooklyn 3-2. Vance permitted only  
five hits and struck out six men but  
the Glants bunched their hits to win.

Boston defeated Philadelphia Na-  
tionals 5-4. Willoughby passed  
three men in the sixth and then  
allowed Brown to single.

Howard Ehmke pitched the first  
shutout the Athletics have won this  
year when he defeated Boston in the  
first game of a double header 4-0.

In the second game, however, Slim  
Harris let the Mackmen down with  
eight hits and Boston won, 2-0.

McManus hit safely three times,  
aided in bringing in four runs and  
helped Detroit defeat St. Louis 6-2.

Louisville, Ky.—St. Paul took an  
early start to run up five runs and  
hold the edge over Louisville, de-  
spite a two run ninth inning rally  
on the part of the Colonels. Heima-  
chi permitted seven hits and was pulled  
in the ninth when the rally started.

Columbus, O.—Joe Hauser, ace of  
the slugging staff of the Kansas City  
Blues, was largely responsible for a  
5 to 2 victory of Kansas City over  
Columbus. Hauser hit a home run,  
a triple and a single in four times at  
bat.

Indianapolis, Ind.—Indianapolis  
was able to score only one run on ten  
hits, while Minneapolis was counting  
five runs from thirteen. Miller for  
Indianapolis and Smith and McAuley  
for the Millers starred in the hitting.

## A Word of Warning

The Standard Oil Company  
[Indiana] feels in duty bound to  
warn its thousands of patrons  
in the Middle West to beware  
of "bootleg" gasoline.

Due to an overproduction of  
crude oil the market is flooded  
with unbranded gasoline sold  
at a cheap price. It is high at  
any price. It is neither uniform  
nor dependable.

When you buy gasoline you  
are buying transportation for  
yourself and your family. We  
suggest that you buy depend-  
able transportation.

Red Crown Ethyl Gasoline will  
give you a maximum of power,  
flexibility and speed. It costs a  
few cents more per gallon but  
it "knocks out that knock".

Our famous economy fuel, Red  
Crown Gasoline will give you  
a maximum of power at a  
minimum of cost.

Both products are sold everywhere  
in the Middle West and every-  
where the same—at a price which  
is fair, just and equitable, con-  
sistent with quality, uniformity  
and dependability.

## MARY K. BROWNE PLAYS TENNIS WITH HELEN WILLS

ON CHAMPIONSHIP COURTS OF  
WEST SIDE TENNIS  
CLUB

NO PROFESSIONAL PREVIOUSLY  
PENETRATED THAT SIMON-  
PURE SHRINE

Miss Mary K. Browne made tennis history on Wednesday when she played a practice match with Mrs. Molla Mallory on the championship courts of the West Side Tennis club, Forest Hills. No professional ever before had penetrated that Simon-pure shrine. In her story Miss Browne discusses the play of Helen Wills, whom she met in a match yesterday, from the viewpoint of one across the net.

By MARY K. BROWNE  
(United Press Staff Correspondent)  
(Copyright, 1927, by United Press)

New York, Aug. 12.—Yesterday in the Forest Hills stadium I had my first actual contact with the most powerful game of lawn tennis ever played by a woman. Helen Wills produced that game in our one set practice.

For four months I played against the cleverest, most finished player in the world of lawn tennis, Suzanne Lenglen.

In my early days of tennis I played against one of the most tenacious and a hard hitter but only from one wing, May Sutton Bundy.

Those three women are certainly the outstanding feminine tennis players of the world. All three have held the championship of all England, virtually the championship of the world. It makes me feel old indeed to think that I have literally campaigned with all three of them.

But, never in all my long career have I been up against such hard hitting from the racket of any woman as Helen Wills swept across the net to me yesterday. She literally blew my court to pieces. Many of her shots I never laid my racket on. She was hitting as hard from one side as the other.

Her service was equally strong. We played only one set and I never scored a game (that confession is unique from a professional) but I am a greater lover of the game than one might suppose, for I freely admit Helen smacked me.

We played but one set and it has been proven in several of Helen's matches that she cannot keep up the terrific attack throughout a match. Many of us thought Helen slows up her game because she believes a change of pace is good tactics, but her methods carried little finesse, for she would soften her entire game for several rallies rather than combining speed and softness with a rally, which when subtly employed is a fine weapon.

We are all now convinced that when Helen slackens her game she is temporarily winded and she takes a rest period. It is quite obvious that only the strongest Amazon in the world could hit with such power throughout a match. For Helen, it is a physical impossibility.

But when she hits them, she literally bowls one over. I never once in my entire tour received one ball from Suzanne's racket which felt as hard. But I received many, many more cleverly placed balls from Suzanne.

Helen Wills is undoubtedly playing the finest tennis of her life and for the first time I believe she would have a chance against Suzanne.

Helen is not only hitting 50 per cent harder, she is also playing at closer quarters. She has more imagination and even a touch of humor in her game. I note a decided broadening.

I asked Helen how she accounted for her sudden improvement and she said, "It has come as a result of my three years abroad in competing against the best players in the world and because I have practiced a great deal and am entirely recuperated from my operation."

Helen agreed with me that Wimbledon is the greatest tennis school in the world. It is what Vienna is to the opera or Paris to the well dressed woman.

Helen Wills has always been extremely reticent and self contained.

## WHO WILL BE NUMBER 183?

In quick succession recently, the Fargo office of the Standard Oil Co. engaged its 181st and 182nd employee from Dakota Business College, Fargo—Mr. Presthus and Miss Brown. Many of the "182" have advanced to executive positions.

Big firms specialize on D. B. C. employees because of their ACTUAL BUSINESS training (copyrighted—unobtainable elsewhere). Remember this when selecting your school. It means quicker employment, better salary, more rapid promotion. "Follow the Successful". Fall term, Sept. 5-12. Write F. L. Watkins, Pres., 806 Front St., Fargo.

She concentrated so thoroughly upon the task at hand she scarcely cared to be distracted even by casual conversation.

Helen's concentration, her big forte upon the tennis court, reminds me of a story Mary Pickford told me in Paris last year about her acting and why she thinks Norma Talmadge is a better actress than she is.

Mary Pickford claims that when she is working on a picture she must live and be her particular character. She does not like even to see members of her own family, who bring her back to the realization that she is herself and not the fictitious character. Mary Pickford believes that while she is entirely absorbed in her character that any gesture she makes unconsciously will be the right gesture.

As a contrast, Norma Talmadge lives her own life right up to the moment she steps in her scene. The director tells her that she must weep. She has lost her child, etc., and Norma weeps convincingly.

Helen Wills is the Mary Pickford type while Suzanne is the Norma Talmadge type. But who can say that one is better than the other? Helen Wills must concentrate to the exclusion of everything and everybody, while as Suzanne plays she knows intuitively everything that goes on about her.

Helen Wills and Suzanne Lenglen sit unchallenged upon the thrones of amateur and professional tennis. How wonderful it would be for the tennis fans if an open meet could be arranged.

## TRAINING SITES SELECTED BY DEMPSEY, TUNNEY

Chicago, Aug. 12.—(UP)—Training sites for Jack Dempsey and Gene Tunney, who will fight for the heavyweight championship September 22, have been selected, at least temporarily.

Tunney, according to his manager, Billy Gibson, will train at Lake Villa, Ill., about 50 miles north of the city. Gibson said the place was ideal and that he had ordered Tunney to report here within a couple of weeks to finish conditioning for the Dempsey fight.

According to information in the loop Dempsey has selected Lincoln Fields race course at Crete, Ill.,

south of the city, as his training grounds. Neither Leo Flynn, Dempsey's manager, nor the former champion are in the city but it is understood friends had picked the training grounds for Dempsey.

## TRAINING SITES SELECTED BY DEMPSEY, TUNNEY

Chicago, Aug. 12.—(UP)—Training sites for Jack Dempsey and Gene Tunney, who will fight for the heavyweight championship September 22, have been selected, at least temporarily.

Tunney, according to his manager, Billy Gibson, will train at Lake Villa, Ill., about 50 miles north of the city. Gibson said the place was ideal and that he had ordered Tunney to report here within a couple of weeks to finish conditioning for the Dempsey fight.

According to information in the hoop Dempsey has selected Lincoln Fields race course at Crete, Ill.,

south of the city, as his training grounds. Neither Leo Flynn, Dempsey's manager, nor the former champion are in the city but it is understood friends had picked the training grounds for Dempsey.
